

Bradley Preschool collects Labels for Education points and then redeems the points for items used in the classrooms. In the past, we used the points for scooters in the large muscle room. Your family can participate in 2 ways.

1. Clip the Labels for Education products' UPC codes and turn them in to the bin at school! There is a list of products available here. It's more than just Campbell's! Glad and Post, Bic and Prego are also on the list.
2. Register your Kroger shopper's card with eLabels for Education and automatically get 1 point for each product you purchase. Sign up at www.elabelsforeducation.com. Create your profile, enter your Kroger shopper card number, and then select the school(s) you would like to support. UPCs with face values higher than 1 point will only be counted as 1 point with the eLabels program; you can still clip and redeem participating product UPCs to earn the face value of the *Labels for Education* points.
